South Africa - Why We Love It

- Often suggested for a first safari (with an excellent infrastructure). But it is far more than an “easy introduction” to Africa.
- Few places offer **so much variety** in one journey: Cape Town, vineyards, mountains, coast, desert landscapes and Big Five safari.
- It works beautifully for different travel styles: self-drive in the Cape and Garden Route, or private guiding if you prefer, and fly-in to safari regions & when time is precious.
- One of our favourite family safari destinations, with excellent malaria-free options, private villas, & plenty to do beyond the game drives.
- The food and wine are a real highlight, from relaxed farm lunches to chef-led tasting menus & some truly superb restaurants.
- Rich cultural heritage & history with captivating stories to share
- Offers a remarkable range of places to stay: boutique city gems, vineyard hotels, coastal retreats, private safari villas & conservation-led safari lodges
- Best of all, South Africa rewards a well-paced journey. Choose a few contrasting regions, allow enough time, & it can be utterly compelling.

Cedarberg Tip: Don't try to see it all in one trip. There's more than enough to see for 2-4 trips.

'A world in one country'

“I am an African. I owe my being to the hills and the valleys, the mountains and the glades, the rivers, the deserts, the trees, the flowers, the seas and the ever-changing seasons that define the face of our native land”

Thabo Mbeki

- Take the cable car up Table Mountain, or walk part of the mountain with a specialist guide
- Explore Cape Town's food markets, galleries, gardens and coastal neighbourhoods

- Add gentle activity: e-biking through vineyards, guided walks, kayaking, art tours or scenic helicopter flights

Cedarberg Tip: Stay at least 4 nights to enjoy both Cape Town and the Winelands properly. Better still, split your stay between the city and wine country.

Garden Route

A coastal paradise of forests, beaches, and charming towns

- Scenic Road Trip from Cape Town to Port Elizabeth
- Holiday-maker's paradise with an intoxicating mix of beaches, excursions and attractive coastal towns.
- Boat cruises on ocean, lagoon and up-river, including Whale-watching in Season (July to Nov)
- Plettenberg Bay beaches and whale watching

- Hluhluwe-iMfolozi - oldest game reserve in Africa with a Rhino conservation success story
- Zulu cultural experiences and historical battlefield sites

Cedarberg Tip: Combine mountain adventure and safari with beach relaxation.

Greater Kruger Area

One of Africa's best game reserves, with some of Africa's finest private lodges.

- Kruger National Park protects nearly 2 million ha of wilderness
- Private reserves such as Sabi Sands, Timbavati, Thornybush and Klaserie offer exceptional Big Five viewing
- Particularly strong for leopard, lion and other predator interaction
- Private game reserves allow off-road game viewing, night drives and guided walks
- Choose from intimate bush camps, elegant safari lodges, private villas and exclusive-use safari houses
- Add specialist experiences: photographic safaris, walking safaris, or romantic sleep-outs
- Easy fly-in access from Johannesburg and Cape Town, with onward flight links to Victoria Falls

Cedarberg tip: We usually recommend at least 3 nights, and preferably 4, in one safari area. A private vehicle can make a real difference, especially for families, photographers or multi-generational groups – but cannot always be guaranteed.

Welgevonden & Madikwe

Malaria-free wilderness perfect for families and wellness seekers

Both offer:

- Malaria-free Big Five game reserves
- family-friendly lodges with children's programmes
- Scenic contrast with Kruger for a two-centre safaris

- Stunning mountain & valley terrain

Exceptional Value

Enjoy world-class wildlife experiences at a significantly lower cost than Botswana.

Conservation Success Story

Your visit directly supports wildlife conservation and community development. Zimbabwe's tourism model ensures your safari contributes to protecting these precious ecosystems.

Why plan Zimbabwe with Cedarberg Africa?

Zimbabwe rewards good planning. The difference between an average trip and a superb one often comes down to choosing the right camp, the right season and the right guide. We know which areas combine well, when Mana Pools is worth the extra effort, and how to balance Victoria Falls with a true wilderness safari.
